About The Triangle is Curaçao's newest high tech office complex providing 1.900m² of prestigious E-Zone and regular office space for lease and a data center. The complex consists of two renovated monumental buildings, The Villa and The Club House, and one newly constructed glass building, The Green House. Description The Triangle offers a unique opportunity to lease hassle free. The Triangle offers an "all inclusive" concept so you can concentrate on your business. You would also join us as pioneers of one of Curacao's most environmentally-friendly spaces: we have installed an array of 70 solar panels across the roof of the glass building, we collect rainwater for irrigation in two giant tanks underneath the monument and we have initiated a paper, plastic and aluminum recycling program throughout all offices. We use LED's wherever possible and are converting existing lights on a continuous basis – we're always looking for ways to improve our energy efficiency. All tenants of the Triangle benefit from a fully inclusive package which consists of the following:
